

In November, Recyclix has officially become a registered trademark, after registering at EUIPO. With the holiday season coming Recyclix is delighted to end the year 2016 with good news. The company brand is now confirmed an official trademark registered at the European Union Intellectual Property Office, meaning that the name and logo, which is the company's most valuable and recognizable asset is now fully protected by law. The registration is a further evidence of the validity and exclusiveness of Recyclix™.

Upon numerous inquiries a system upgrade has been implemented to ensure that users sell their granules with the highest profitability possible. Therefore, the "Sell" option is enabled only when the sell revenue share reaches 33.33%. However, should users decide to sell their granules before reaching 33.33% sell revenue share, the "Sell" option can be easily enabled by an email request to Recyclix support.

**ECO WASTE**  
EXHIBITION  
PART OF ABU DHABI SUSTAINABILITY WEEK 2017  
**16-19 JANUARY 2017**  
ABU DHABI NATIONAL EXHIBITION CENTRE

Following the success in Basel Solids Expo 2016, **Recyclix is now heading to United Arab Emirates to participate in the EcoWASTE exhibition** <http://ecowaste.ae>, a part of Abu Dhabi Sustainability Week 2017 on January 16th-19th, at the **Abu Dhabi National Exhibition Center**.

*Recyclix MENA business development officer, said: "The Abu Dhabi EcoWASTE Exhibition is the leading international event focused on advancing sustainable waste management and seeing waste as a valuable economic resource. Being part of such a high level event makes Recyclix proud to work hand in hand not only with the European partners, but also with the global experts and key decision-makers, finding new eco-business opportunities in the Middle East and North Africa."*
